

# The Pathfinder Club

## Philosophy

The Pathfinder Club is a program for youth sponsored by the Seventh-day Adventist Church. Pathfinder activities are filled with action, adventure, challenge, and cooperation. Through Pathfinders, youth can:

- Learn Christian values
- Explore new hobbies and skills
- Enjoy safe and exciting adventures
- Discover what teamwork is all about
- Cultivate courage, self-reliance, honesty, loyalty, and kindness
- Learn under the guidance of mature Christian counselors
- Expand their leadership skills
- Develop self-discipline
- Experience the joy of serving others

The philosophy of the Pathfinder Club is built on the premise that children learn best by example. As they see leaders and parents model positive spiritual and social values, they will aspire to develop high moral principles, loving and caring attitudes, and determination to excel in everything they do.
